VSBA School Board Clerk Appreciation Week
VSBA School Board Clerk Appreciation Week was the third week in February (15-19). Appomattox County Public Schools appreciates the service and work of **Brenda F. Gowin**, School Board Clerk, and **Jayne D. Luongo**, Deputy Clerk, who serve our school division.

The Clerk of the School Board in Virginia is appointed by law to keep accurate records of all meetings, maintains contact with the public, schedules training for Board Members, is often required to work extra hours attending School Board Meetings, and joins School Boards in ensuring students achieve their highest potential. The Clerk provides an invaluable service to the School Board and to the Superintendent.

The School Board and Superintendent join in recognizing the many valuable contributions of our School Board Clerk and Deputy Clerk during School Board Clerk Appreciation Week.

Motion & Voting

to approve using SFSF (State Fiscal Stabilization Funds) and Jobs Bill Funds as follows:

1) The amount of $400,000.00 previously approved for employee compensation will be based upon a 3.5 percent one-time employee compensation of the annual base salary that will be given to all full-time employees, with the exception of the Superintendent, who is to be excluded. Full-time employees refers to all employees of Appomattox County Public Schools who report to work daily. This would include employees who were in place and working on the job as of August 23, 2010 (the first day of school for students). Since our pay scales increase with longevity of employment, those employees at the top of each job classification would receive the most compensation in that pay group. It would not include individuals who are substitutes, part-time, or seasonal employees.
2) $200,000.00 for textbooks.
3) $150,000.00 for FCC mandated radio system.
4) $40,000.00 for director transition.
5) $50,000.00 to hire an additional special education teacher (previously approved)
6) $67,000.00 to re-instate two four year classes for second semester of the 2010-2011 school year only (previously approved)
7) Construction projects with the first being ADA renovations at Appomattox County High School for bathrooms, doors, and locks.
8) $50,000.00 for Technology Network backup hardware;
with the understanding a supplemental appropriation must be approved by the Appomattox County Board of Supervisors prior to the expenditure for any of these items.

Subject :	J. Discussion of Policy KG-R - Community Use of School Facilities
Meeting :	Feb 28, 2013 - Appomattox County School Board Public Hearing on FY 2014 Budget and Regular Monthly Business Meeting
Type :	Information

Public Content

The superintendent will discuss possible revisions to Policy KG-R - Community Use of School Facilities for your review and input.

Below is the section in which the last sentence needs to be deleted:

Who May Use the Facilities

Established organizations within the county, (parent/teacher organizations, booster groups, governmental and quasi-governmental public service bodies, religious, business/industrial organizations) serving the residents of the county, may apply to use school facilities provided the use is for an educational, civic, cultural, recreational, social or other legitimate purpose of the organization. ~~In addition, outside organizations may apply to use school facilities, provided they meet all the requirements for such use.~~

Change page 9 in Category 1 such that all of the charges on that page for Category 1 should be zero. This would include school groups such as the After School Clubs at AES; we would not charge them utilities, etc. to use AES.

Option 1:

If the AYS letter that Mr. Overstreet and Mr. Wright designed is approved by the Board February 28 such that AYS incurs no fees and no charges, they will be in Category 2. In order for them to incur no costs at all, custodial/maintenance and utilities would need to be changed to zero on page 9. Category 2 includes educational support/gov't agencies which would mean that also on page 9 those same columns would need to be changed to zero charges (if the intention of the Board is not to charge government agencies).

Option 2:

Leaving Category 2 Supervisory, Food Service, Custodial/Maintenance, Light/Sound, as is.

Changing Utilities to 0.00 charge. (This would allow us to charge for cost of custodians after-hours).
